Information for approved rehoming organisations and council pounds

The organisation re-homing the animal is responsible for notifying change of ownership. Submit this form to council within 3 days of the ownership change, or record it on the Companion Animals Register (CAR) within 7 days if you are an approved user.

You must give a copy of this form and other documentation to the new owner.

Information for councils

When you process change of ownership from an approved rehoming organisation, you can also register the pet on behalf of the new owner (there is no fee). Once completed, please forward a Certificate of Registration to the new owner.

Information for owners

When you adopt a cat or dog through council pounds and approved rehoming organisations, they will send all relevant documents to council for processing. Councils can then register the animal in your name and send you a Certificate of Registration. Desexed animals adopted from these organisations are eligible for free registration.

If you do not hear from your local council within 14 days, contact the approved rehoming organisation to ensure all documentation has been sent, then contact your council. You may need to go through your council to register your pet and provide documentation including:

- a completed Pet registration (R2) form
- a copy of this Change of owner (C3B) form
- a desexing certificate or confirmation of desexing
- the adoption contract.

Privacy information

Only authorised people can access the information provided on this form, and only to enforce the *Companion Animals Act 1998*.

If you are concerned that disclosure of your information could jeopardise the safety of you or your family, you may request that these details be suppressed. Please contact any NSW local council for more information.
